THE SOUCY GROUP

More than 50 years ago, M. Gilles Soucy created the Soucy Group. Now, our group employs more than 1,700 people over 10 subsidiaries located in North America and Asia. We developed our own manufacturing equipment and facilities, meeting the specific requirements of each application.

Our Defense Division products meet the highest requirements and are approved by military forces around the world. Our CRT systems have been operationally deployed in several theatres and were adapted to a variety of platforms like M113, CV90, Bronco and BV206 amongst others.

ADVANTAGES IN THE FIELD

DIRECT BENEFITS

UP TO **50%**
WEIGHT REDUCTION

UP TO **70%**
LESS VIBRATION

UP TO **13.5 dB**
NOISE REDUCTION

WORKING AMBIENT
TEMPERATURE
BETWEEN
-50 TO +50 °C

ENABLES HIGHER
VEHICLE SPEEDS

UP TO **30%**
FUEL SAVINGS

ENHANCED DURABILITY

OPERATIONAL BENEFITS

BETTER
MANEUVERABILITY
AND MOBILITY
ON ALL TERRAINS

80%
LESS MAINTENANCE
REQUIREMENTS

BLAST RESISTANT
(STANAG 3)

FIRE RESISTANT

INCREASED CREW
COMBAT
EFFECTIVENESS

REDUCED
OPERATING COSTS

LAND SYSTEMS

WEIGHT CATEGORY FROM 10MT TO 15MT

Soucy Track Systems Available	3
Track Width Range	350 – 400 mm
Track Length Range *	9,700 – 9,800 mm
Track Weight Range	400 – 430 Kgs
Track Pitch Range	105 – 127 pitches

WEIGHT CATEGORY FROM 16MT TO 25MT

Soucy Track Systems Available	3
Track Width Range	400 – 460 mm
Track Length Range *	9,770 – 12,400 mm
Track Weight Range	400 – 820 Kgs
Track Pitch Range	105 – 128 pitches

WEIGHT CATEGORY FROM 26MT TO 42MT

Soucy Track Systems Available	3
Track Width Range	500 – 580 mm
Track Length Range *	13,400 - 13,700 mm
Track Weight Range	750 – 1,200 Kgs
Track Pitch Range	105 – 128 pitches

ARTICULATED VEHICLE WEIGHT RANGES FROM 8MT TO 15MT

Soucy Track Systems Available	4
Track Width Range	600 – 650 mm
Track Length Range *	5,800 – 6,000 mm
Track Weight Range	200 – 300 Kgs
Track Pitch Range	80 – 90 pitches

* **Note:** Track lengths can be manufactured to suit different vehicle lengths and roadwheel stations.

ILS

INTEGRATED LOGISTIC SUPPORT

10

STRENGTHEN THE FUNCTIONALITY OF OUR PRODUCTS FROM CRADLE TO GRAVE.

We provide:

- **Special Tools and Test Equipment** to ease vehicle track integration.
- **24 hr technical support** to our Engineering experts.
- A wide range of **Training** programs, catered to our customers' requirements.
- **Through Life Cost** analysis for new or legacy platforms.
- **Supply Support** to help optimize customer fleet availability.
