

Discover Scalable Intelligence with Planet at DSEI Japan 2025

CHIBA, JAPAN - Planet, a leading provider of satellite data and analytics, is back at the DSEI Japan 2025 on May 21-23, 2025 at Makuhari Messe, Chiba, Japan.

Attendees can visit **booth H5-174, Hall 5** to explore Planet's solutions for defense and intelligence analysts and operators. With the combination of frequent and vast global monitoring, a historical archive, high-resolution imagery, and advanced analytics, Planet provides scalable intelligence on global land and sea.

"Our goal is to empower governments with timely, mission-critical insights that matter. We're excited to share our D&I solutions for stronger regional security through innovation and collaboration." shared Shoichi Seki, Planet's Country Manager for Japan.
