**PARKING PAYMENTS**

Providing better payment solutions for parking operators

Today, parking operators need a payment gateway partner that allows drivers to pay how *they* want, be that by card, mobile, in-app or online.

NMI is the UK parking industry's most respected payments provider, since 1999, and is chosen by local councils, NHS Hospitals, shopping centres, and operators at the UK's main airports.

It's a single platform that supports parking machines, mobile acceptance, online pre-booking, enforcement, and EV charging.

- One platform, multiple payment options
- Ultra-high reliability and PCI P2PE certified security
- Integrations to all leading parking equipment manufacturers
- Support for all major UK/EU/US acquirers
- Wide range of supported payment devices
- P&D, PoF, ANPR, QR, Mobile, Ticketless, and EV charging

Put our experience to work for you

Providing payment flexibility while remaining compliant with the latest payment directives is becoming increasingly difficult and complex. NMI technology powers innovation, opens up opportunity and provides secure technology to help businesses succeed.
