STACK WITH AUTHORITY

All ISP2 Cases are configurable with an optional pressure relief valve, a document holder, skid runners, a humidity indicator or lifting rings, to name a few..

MADE IN EUROPE

The ISP2 Cases are manufactured in Europe according to the most restrictive standards and this allows a closer connection with local markets. With our two Advanced Case Centres in Ashford (UK) and Paris (France), Peli-Hardigg™ offers customisation services allowing many of our customers to be directly involved in the design and testing of first article samples.
